

testing::Test

```
graph BT; FooTest --> testingTest[testing::Test];
```

The diagram illustrates a class inheritance relationship. At the top is a white rectangular box with a thin gray border containing the text "testing::Test". Below it is a gray rectangular box with a thin gray border containing the text "FooTest". Two blue arrows originate from the top of the "FooTest" box and point upwards to the bottom of the "testing::Test" box, indicating that "FooTest" inherits from "testing::Test".

FooTest
